LEGIONAIRES WIN OPENING CONTEST

First Game in Championship Series Goes Against Boys' Club.

MANNINGTON, July 28.—The American Legion team won the first of the three-game series for the city championship at Hough Park last night by a score of 11 to 0.

The game was slow with very few hits. Every man up to bat believed that his job was to hit the horsehide to the outfield. The fielder and as a result the ball into a fielder's hands. However, it was more than likely that the fielder would fumble it, so it was an even bet after all.

If it were possible to count out the errors the game would have been a good one. The Boys' Club made seven more errors than runs, securing a total of nine, and the Legion tallied four errors in six innings. Without the errors the score would have been very different.

Neither team played up to the match last evening, although the Legion played better ball than the Boys' Club. Harton allowed only three hits, and the Legion batters got twice that number. Three errors were made in the last inning. McCullough was easily the star in the Legion's game, scoring three runs. He got one home run and a single in four times at bat. Snodgrass for the Boys' Club knocked the ball for a homer, and McCarnes got the other run for his team.

In justice to the players last night it should be said that they might put up when in condition. It was an "off" evening for both. By the time the next of the series is played Saturday evening a much better game will probably be shown.

Pithy Paragraphs From Mannington

Deacon Slappapple says the Legion got the first game, but there's two more yet to play.

Both teams need practice, anyhow.

Some people say the American home is too democratic; that the children are to "fresh."

Deacon Slappapple asks whether it isn't possible the children are really products of over-indulgent parents.

Psychologists claim there are two periods in a girl's life when she is most interested in dress.

One is before she is 30, and the other is after she is 30.

Contrary to belief, however, women do not dress for the eyes of men, but for other women.

What little they do dress.

Here, here! What the deuce? How come the secretary of the campaign contributes to "Gousin Abe's" fund? Two masters, you know.

Every day the coal production reaches "its peak." Some little climber. Where's the top?

FIFTY-ONE DOGS SAFE

MANNINGTON, July 28.—Fifty-one dogs have been registered at the city clerk's office up to this morning, and several others will be registered Saturday, it is said. No drastic measures have been taken by the city so far to force the public into securing tags for the numerous dogs, although it has been suggested that a dog catcher may be employed in the quick-so-operation is not given.

Everett True's Niece Now in Race for Thronedom

MISS CANA BEE WHITE

A most interesting situation was injected into the great girls' contest for the crown of the Prince of Wales today by the announcement Cana Bee White of Mannington had entered the race. Miss White is experiencing her first season in society and has been regarded a great catch by many mothers with eligible sons, but it seems that her mother has higher aspirations for her.

The feature of the situation, however, that has set society agog

is the fact that Miss White is the niece of Mr. Everett True, whose vigorous views on many subjects have been shown graphically in The West Virginian. It is well known that Everett True entertains a marked hostility toward all royalty and it is anticipated that he may enter violent objections to the match in case Miss White should win. Developments will be eagerly watched by local society.

Mannington Society

Bake Sale

The ladies of the Christian Church will hold a bake sale tomorrow afternoon in Furbie's Furniture Store. Some famous cooks are to be contributors to the splendid line of good things offered, and a great many delicacies will be offered.

Auxiliary Sale

The Women's Auxiliary of the American Legion announce a bake sale and market at Snodgrass and Moore's store tomorrow afternoon, beginning at 1 o'clock. The portage of the public will be much appreciated, one of the committee stated this morning.

Motor to Canada

Alte C. Atha, Glenn Norman and Loren Hildreth will leave Tuesday on a motor trip lasting two weeks during which they will visit various points along the Lakes and in Canada, stopping at Niagara Falls on the return trip. A complete auto-camping outfit has been secured and sufficient supplies will be carried to insure comfort all the while. The trip will be made in Mr. Atha's sedan.

No definite objective has been decided upon, and the three men expect to drive through the most attractive country possible, selecting only those sections which appeal to them. Camp will be made wherever they happen to be at nightfall. They will be in Mannington near the fifteenth of the month.

Presbyterian Picnic

The Presbyterian Sunday school and congregation picnic at Midway yesterday was attended by a large number of the Sunday school members and friends of the congregation. Many visitors came to enjoy the fun along with the school.

A beautiful supply of good things to eat were furnished, and games of various kinds were played. Horseshoes was perhaps the most popular of these.

The picnic proved a delightful place for the picnic, and many of the members say the day was one of the most enjoyable of the year. Supper was eaten at the park last evening before returning to Mannington.

Premier Five Dance

The Premier Five will give a dance at Midway tonight, using the splendid new dancing floor for the occasion. This musical quintet is one of the best dance orchestras in the county, and their dances are always well attended.

One special attraction tonight will be the enlarged pavilion. Formerly the dance floor was too small to accommodate very many couples at once, but Rymer and Ryan have built an addition to it this week which more than doubles the floor space, making it comfortably large for a great many couples to dance at once.

Sunday School Party

Mrs. A. L. Yost of Clarkburg street delightfully entertained her Sunday school class of the Christian Church yesterday afternoon from 2 o'clock until 5 o'clock. The afternoon was spent in playing games which appealed to the little folk. Tempting refreshments were served. The hostess was

MINERS FAIL TO VACATE HOUSES

Writs of Ejectment Will Be Served Immediately in Monongalia County.

MORGANTOWN, July 28.—Most of the sixty-two miners occupying houses owned by the Brady Coal Corporation, who were to vacate on last Wednesday under the terms of a compromise agreement made when the cases came up on appeal hearings in the Monongalia County Circuit Court here several weeks ago, have failed to live up to the agreement and writs of ejectment will be issued today and served immediately, counsel for the company announced today.

The United Mine Workers have ordered tents for the establishment of a tent colony near the Brady mine, union officials announced.

Similar writs have been issued and served on miners formerly employed by the Rosedale Coal Co., who were parties to a similar compromise agreement.

Twenty miners were today ordered to vacate houses owned by the New England Fuel & Transportation Co. at its Everettville mine. They will take appeals to the Circuit Court although they protested against the raising of the appeal bond from \$150 to \$250.

The Chaplin's Collieries Co. has served notices to eighty of its former workers to vacate before August 1. Suits for possession will be filed August 2 with the summonses returnable for trial on August 8. Several other companies are preparing to serve vacation notices within the next two weeks, and will bring suits on the expiration of these notices.

MANY SUBJECTS AT MANNINGTON CLINIC

MANNINGTON, July 28.—The free clinic held in Mannington yesterday under the auspices of Dr. H. E. MaTeer, of Pittsburgh, and Miss Francha McMahon of Fairmont was a decided success according to a report made this morning by Dr. F. E. Flowers, who assisted.

Nearly forty cases were examined and Doctor MaTeer said there were about the usual number of positive cases found. Several cases were held over because of lack of time, and another clinic will be held tomorrow morning at the M. E. Church to examine the ones who were too late yesterday. Doctor Noah of Pittsburgh will be present for the clinic tomorrow, it is said.

A much greater interest was shown in the clinic held yesterday than in the former one a few weeks ago, and a larger number of applicants was received than the doctors could care for. Several cases have been found that had either to escaped any suspicion of having tuberculosis.

DISAPPEARANCE OF FUNDS BIG MYSTERY

HAVANA, July 28.—Included in the list of twenty-seven special treasury funds exceeding \$9,000,000 which Representative Bartolome Sagaro alleged yesterday in a denunciation of the Supreme Court had disappeared from the national treasury are postal money orders aggregating \$1,820,077, post works funds totaling \$2,254,140 and civil retirement funds amounting to \$2,372,428. It was disclosed today.

The securities alleged to have disappeared from the national treasury were deposited with the government by the Banco Nacional now being liquidated as guaranties for federal funds deposited in the bank. They are understood to be in the hands of the federal controllers.

GENERAL TREND IN PRICES UPWARD

Demand on Market Today Centers in Rails, Oils and in Steels.

NEW YORK, July 28.—The better tone of today's stock market on more active and broader dealings resulted from short covering prompted by increased probabilities of an early settlement of nation-wide labor troubles. Sales approximated 750,000 shares. Profit taking caused moderate recessions in some of the leaders during the first hour, but the general trend continued upward. The demand centered in rails, oils and steels, which showed gains of 1 to 3 1/2 points. Central Railroad of New Jersey and Norfolk & Western mirrored the more hopeful conditions in the strike situation. Standard Oil of California, California Petroleum and Mexican Petroleum were substantially better, but further selling was observed in Mexican Seaboard common and certificates. Crucible again led the steels and equipments moved to higher ground under lead of American and Baldwin locomotives and General Electric. Tobaccos were strongest of the specialties. Call opened at 3 1/2 per cent.

Studebaker continued under pressure in later dealings and profit taking elsewhere caused a variable recessions. The closing was easy.

Chicago Grain.
CHICAGO, July 28.—Wheat average a little lower in price during the early dealings, although bearishness of a settlement of rail and coal strikes was said to have largely discounted heretofore. In some quarters this morning it was even contended that a settlement would give such an impetus to general business that the effect would really be to help lift grain values. On the other hand, the foreign markets today were unexpectedly weak and export inquiry was less brisk than has recently been the rule. The opening which varied from unchanged, figures to 5-8 lower with September \$1.07 to \$1.08 and December \$1.10 1-8, was followed by a slight rally and then by new declines.
Corn and oats were firm influenced by a falling off in receipts of corn. After opening unchanged to 5-8 higher, September 68 1-2 the

A Farmer Candidate for
THE HOUSE OF DELEGATES
on the Republican ticket

I am a candidate for nomination for the office of House of Delegates subject to the decision of the Republican voters of Marion County at the primaries August 1, 1922.
I have been a resident and taxpayer in Marion County for 20 years, have seen its growth and development and have studied actual working farmer and stock raiser all my life, and feel that I am in touch with the farming class of people and can help them get the laws that they ought to have. I feel that the aid and influence of the Republican men and women of Marion County and assure them that if elected I will not be the tool of any individual or interests, but that my actions will be guided by an honest, conscientious desire to do the best for all the people.
